- Dr. Contreras has announced the establishment of a Task Force for the Booksaver Book Rental Program, to be led by Dr. Rosas. Dr. Contreras shared a number of issues experienced by students and employees with the Fall implementation of the Booksaver Program. The College will work collectively to "mend it, not end it."
- Dr. Rosas stated that the objective is to identify and define areas that need improvement and take time to gather accurate information, collaborate with faculty, and propose solutions.
- The committee members raised concerns about poor communication. They also questioned the lease agreements, and the contracted services provided by the Follett corporation.
- Dr. Contreras and A. Hecht shared interest in creating a Dual Enrollment Task Force and were delighted to learn that a Dual Enrollment Workgroup already exists with representation of faculty chairs. Dr. Contreras and A. Hecht indicated an interest to attend the first workgroup meeting to assign the task of identifying the concerns with the implementation of dual enrollment at Valley College. It is important to define the challenges so we can provide solutions. The goal is to maximize Dual Enrollment as an equity tool and to better align with the funding formula and vision 2030.

10. Athletics

- Committee members recommended that Karla Bonnet at Human Resources do a presentation on the processes and that this presentation take place at Academic Senate and not at College Council.
- Committee members shared that faculty provided recommendations during the HR presentations at Flex activities during Convocation Week. Faculty representatives shared it would be appropriate for the presentation to return to the Academic Senate to see how the input has been incorporated. The presentation should include the recommendations made during convocation week.
- It was proposed to have a follow-up presentation from HR during the Spring term at College Council about hiring processes in general for hiring committees for all employee groups.
- After reviewing the draft, it appears that the committee needs to discuss this topic further.
 Committee members raised questions about the structure and requested clarification on what the structure should entail. They also sought clarity on the interpretation of the Faculty Handbook and its function. Additionally, it was questioned whether groups should collaborate with affinity groups to ensure all voices are heard.
- Dr. Contreras informed the Committee that a task force is being created for the Shared Governance Handbook. This task force will be led by J. Oxendine and Tatiana Vasquez.
- Committee members expressed frustration regarding the different Committee Structure Patterns being used, with three different ones currently in circulation. A College Council member emphasized that there was never a clear announcement about the direction for changing meeting times and committees based on the SGS used.
