What's New

Instructor-Specific Dashboard
To help with the evaluation process, we've created a dashboard specific to the person viewing it. This Instructor-Specific dashboard contains disaggregated course success and completion rates, as well as any observable disproportionate impact.

Congratulations to Dr. Wu!
In Spring 2024, Dr. Vinnie Wu successfully defended her dissertation and earned her Ph.D. in Psychological and Brain Science with an emphasis in Quantitative Methods in the Social Sciences.

Data Rockstar Spotlight

"On August 15, 2024, the FAA visited SBVC as the final step for approval into the FAA Air Traffic - Collegiate Training Initiative (AT-CTI). This program provides a pathway to the FAA Air Traffic Control Academy in Oklahoma. SBVC is now a recognized institution of higher education by the FAA, one of only approximately 30 nationwide to receive this distinction and support.

The Dashboard allowed easy and user-friendly access to accurate and up-to-date information regarding both enrollment in our school, our program and certificate and degree programs, and was easily presentable to help demonstrate trends. This data provided an excellent source of visual information for my presentation; and was appreciated by and received positive commentary from the FAA representatives."

# Fall Waitlisted Course Enrollments

There were a total of 6,276 waitlisted course enrollments for Fall 2024. Of these, 29.4% resulted in a successful enrollment in the desired section.

Of the enrollments that were not successful, 28.2% resulted in a successful re-enrollment in a different section at SBVC, whereas **70.4% were unsuccessful.**

Waitlist Course Enrollment Outcomes

Outcome	Percentage
No Re-Enrollment	70.4%
Re-Enrollment at SBVC	28.2%
Re-Enrollment at CHC	1.3%

Data collected 8/26/2024
Enrollments = Duplicated Headcount

To address this issue, several departments are working collaboratively to increase the percentage of successful enrollments.
